CHARLES PREUSSER,
TAKES PLEASURE IN ANNOUNCING to his friends and customers, and the Public generally, that he has removed to his new and elegant store, built by him expressly for his rapidly increasing business, on the corner of East Water and Mason streets, opposite the Walker House and Post Office, where he is receiving almost daily additions to his large stock of

In fact, of everything usually to be found in a well assorted business of this kind.

The repairing of Watches and Jewelry will be as heretofore, under my personal superintendence, and I have engaged help enough to do all work with dispatch—Thankful for the kind patronage so liberally bestowed upon me during the past eleven years by the Milwaukee Public, my friends and customers may be assured that no effort of mine will be wanting, to merit a continuance of the same. (nov2:a97) CHAS. PREUSSER.

THE OLD EAGLE GOING IT WITH A RUSH
The Eagle
STEAM FOUNDRY
OF
TURTON & SERCOMB,
296, 298, 300, 302 and 304, West Water Street

IS still in full blast, working day and night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing Machine or Shaping Machine, three Lathes, and a machine for making bolts, and are now putting in a Steam Engine of —horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine, and Blacksmithing business. They never were in a better position for doing business, and defy competition in any department.

In regard to the character of the work got up by this, *The Oldest Establishment in the State,* the Proprietors refer to that in successful operation throughout the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man. They continue to manufacture **Flour and Saw Mill Gearing and Steam Engines,** on the most approved principle.

They have always on hand a large stock of BRASS WORK, such as *Gauge and Cylinder Cocks, Oil Cups & Cocks, and Steam Whistles. Also Turton's Files,* which they will sell at the lowest cash prices.

They are also Agents for *Eastman's Patent Steam Gauges,* which are well worth the attention of all who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

ALL LETTERS [illegible] publication, or on business connected with the paper [illegible] "Free Democrat, Milwaukee, Wisconsin."

[illegible] the editor [illegible] S. M. BOOTH, Milwaukee, Wisconsin."

WITHDRAWN.—We have withdrawn the names of the Republican candidates from the head of our daily paper, but continue them, for the present, in our weekly.

Our main reason for so doing is, that in so small a paper we have not room for them, and we can do more service for these candidates by filling the space which they occupy with new reading matter daily.

The Pious News

In its first issue after its *Sunday* edition, has an excruciatingly religious attack upon the Republican Germans for holding a meeting on Sunday, to consult together as to the means of preserving their own liberties and the liberties of the country against the encroachments of the Slave Power. It is well known to all our citizens that the Germans, as a class, do not hold the same views of the Sabbath which are generally held by the American population.—They look upon it as a day of *rest*—of relaxation from labor—a day for public lectures, religious assemblages, and innocent amusement.

We do not endorse their views of the Sabbath, but state the facts as they are. Now, had the *News* ever spoken against the Sunday meetings of the Germans, we could give it credit for sincerity. But when it is remembered that a State German *Democratic* Convention met at Watertown, a few years ago, and demanded the abrogation of the laws maintaining the sanctity of the Sabbath, that Societies of Germans, marching through our streets with bands of music, hold meetings and festivals in public places on the Sabbath, that German dances are held in various parts of the city, every Sunday evening, that leading American Democrats on Sunday—as they did last Sunday—go from saloon to saloon, drinking lagerbier and electioneering with the Germans, and that the Democrats almost invariably hold private caucuses on Sunday evening, before elections, and that the *News* has never said a word against this, the affected regard of the *News* for the sanctity of the Sabbath is plainly seen to be the rankest hypocrisy, and it shows the public the whites of its saintly eyes, only because these Germans are going for Freedom and Fremont, and not for Buchanan, Slavery, Ruffianism, the *News*, the U. S. District Attorney and the other imps of the devil. As the Government of the city is in Democratic hands, why don't they prosecute these Republican Germans for violating the Sabbath by speaking against Slavery on that day? The damnable institution ought to be let alone one day in the week. If the Pharisees justly denounced Christ for casting out devils and healing the sick on the Sabbath, the *News* may certainly protest against the Germans, for attempting to cast out the devil of Slavery on that day.

THE REASON WHY.—There is a sheet at Madison, whose publisher belongs rather to the order of *creeping things*, than to the rank of beings whom God made upright. It was petted last fall and winter, by Republicans and the Republican press, and owes all its importance for evil to the nursing it has received from Republican hands. It indulges in habitual falsehood—chiefly against Republicans and the Republican candidates—and hardly lets a day pass without some attack upon us. Last winter, it issued and repeated, day after day, the falsehood—to which some Republicans lent a willing ear—that we received Fifty Dollars from the State Treasury, for publishing the official election returns, as pay, or a bribe, for supporting Barstow. To this we made no reply, nor have we denied, or made any reply to, any of its charges, or of its personal articles against us, since that time. For a sheet that will lie so unscrupulously, in our judgment, is unworthy of notice. We would as soon stoop to kick a *pole cat* as to reply to its personalities against us.

THE CRAFT.—We regret to see the *Argus and Standard*, for mere party purposes, pervert our article on the subject of election expenses. Those papers well know, doubtless, from their own experience, how common it is for committees to engage election printing—advertising, hand bills, tickets and extras, and forget to pay for them. Instead of ridiculing a member of the press for exposing this practice and seeking to reform it, the press of all parties, if they had true respect for their own profession, would sustain him, for it is a matter which concerns the interests of all.

Milwaukee & Watertown R. R.

The grading of this road is nearly completed to Lowell, 10 miles west of Watertown, and the piles across Mud Lake, are being driven. The laying of the track will be commenced by the first of August, and it is expected the road will be in running order to Lowell by the first of September.

WISCONSIN BANKS.—According to the statement of the Bank Controller, there are now, in this State, 35 Banks, with an aggregate capital of $2,210,000. Loans and discounts, $4,321,110 56. Over drafts, $41,733 97. Stocks deposited with State Treasurer at par value, $1,454,128 51. Other stocks, $83,160 46. Specie, 463,478 61. Other resources, real estate, bills of solvent banks, &c., $1,392,040 46.—Total resources, $7,860,513 07. Liabilities the same.

ESCAPED PRISONER ARRESTED.—A man named Michael Burke, who escaped from the Sheboygan Co., jail a few days ago, where he was confined on charge of committing a rape on an old woman, in Manitowoc, was arrested here yesterday, by Mr. Carpenter, sheriff of Manitowoc Co., and was taken back to his old quarters on the boat this morning.

FISHERMAN DROWNED.—A fisherman named Louis Fisher, was drowned about 20 miles out from shore in Lake Michigan, off Milwaukee, on Saturday afternoon.

Teachers' Visit to Chicago.

MR. EDITOR—

Amid all the excitement of the present time, we think that Patriotism, Philanthropy, and every noble sentiment, dictate, that we neglect not some of the many enterprises on whose success depends our prosperity as a nation, to an extent certainly as great as on any political or commercial interest. Of these many enterprises, Education is not the least. A judicious moral, intellectual and physical culture of our youth would directly tend to assuage the turgid waters of political strife, which seem to be sapping the foundation of our institutions, civil and social.

As incident to this subject, we wish to notice in your paper a visit of some of the teachers of this city to Chicago on the 16th inst. The Convention having adjourned *sine die*, on the 15th, and the schools having been dismissed for the ensuing day, the Principals, with the exception of Mr. Drew, who was ill, thought they could not employ that time more profitably for themselves and their patrons than by visiting the schools of the above named city.—To accomplish this object, on Tuesday evening we embarked on board the *Arctic*. Wednesday morning found us in the largest town of the great North-West. Our observations, made in visiting three of the nine ward schools of the city, fully demonstrated that the educational interest there has kept pace with commercial enterprise.

We first visited School No. 1, Mr. Hewitt, Principal. At the door, we were met by Mr. F. Moseley, President of the School Board, who conducted us through the various departments, manifesting a care and zeal truly encouraging to the teacher. Instead of being astonished at his presence, the children appeared familiar with him. From that school we went to No. 3, Mr. Wentworth, Principal, and thence to No. 6, Mr. Woodward, Principal.—In all of these there was evidently room for improvement; but there was also manifest, a unity of arrangement, a co-operative feeling, a oneness of aim, which we deem it impossible to acquire except under a system similar to that which they have adopted. They have a city Superintendent, whose business it is to supervise all the schools, and suggest such measures to the Board, as the educational interests of the city demand. Once in two weeks, except during the very warm weather, he meets all the teachers, and unites with them in discussions, or in such exercises as he may appoint. But the crowning feature of their system was a central High School, which goes into operation some time next fall. The building is a fine specimen of architectural beauty, and, when the grounds are adorned as they propose to adorn them, this place of learning will be one of Chicago's most attractive features.—On the day preceding our arrival, candidates from the different wards were examined for admission into the High School. At present, none are admitted unless they have attended a short time in one of the ward schools, and after two years, no pupil can be admitted unless he has attended a ward school one year previous to the application, provided he was a resident of the city. By this arrangement, many children will be induced to attend the public schools who, otherwise, would prepare at select schools. The system has vitality, which is imparted to the pupils. An object is placed before them, the value of which they can appreciate, and which they will strive to attain.

Our grateful thanks are due to Mr. E. B. Gray, agent for H. S. Barnes & Co., N. Y., E. D. Lazell, agent for H. Cowperthwait & Co., Philadelphia, and W. H. Lapham, agent for J. H. Colton & Co., N. Y., who were constant in their endeavors to make our visit pleasant and one long to be remembered.

ONE OF THE VISITORS.

Milwaukee, July 19, 1856.

THE real extent of the frauds committed in Kansas, may be gathered from the following recapitulation, as taken from the report of the Committee of Investigation. It will be seen that in every District the illegal voters far exceeded the legal. Nay, that in the first District alone, more illegal votes were polled than the whole State was entitled to:

Dist.	Census of Voters.	Votes Polled.	Legal Voters.	Illegal Voters.
I	369	1064	232	832
II	199	341	30	311
III	101	372	31	342
IV	47	80	15	65

Can we wonder at dissatisfaction at the acts of a Legislature thus fraudulently chosen?—To suppose that citizens would tacitly submit to such an outrage, would be equivalent to an admission of their inability to understand or appreciate their rights as freemen.

BROOKS DEFENDED BY THE DEMOCRACY.—An analysis of the vote on the expulsion of Brooks, shows that he was sustained by the Democratic party, the friends and supporters of Buchanan, to the last:

For expulsion, Democrats	6
" " Opposition	115
	121
" " Free State men	119
" " Slave State men	2
Against expulsion, Free State men	13
" " Slave State men	82

The Free State men who voted against expulsion were all Buchanan Democrats, except Harrison, a Fillmore K. N. Those who sustained the ruffian from Pennsylvania, were Cadwallader, Florence and Jones. Barclay and Fuller of that State, skulked.

PENNSYLVANIA.—The old line Whigs of Dauphin Co., have had a large meeting, and voted unanimously to support Fremont and Dayton.

Potter County promises from 400 to 500 majority for Fremont.

Union County, with union, can give Fremont 1,800 majority.

COFFEE, &C.—Whoever travels on the La Crosse Railroad and stops at the Hartford station, can find a nice cup of hot coffee and something good to eat, at Thompson's Eating Saloon. We speak from personal experience, repeated.

R. R. STOCKS.—The first public sale of La Crosse Railroad stocks, took place at New York, on the 10th inst., when 50 shares were sold for 70 cents, and some at private sale for 71, 30 do. Lake Shore, for 68, and 12 Milwaukee and Mississippi for 80¼.

☞ Douglas' new bill is like building a great fold around the sheep and then putting the wolves—*inside*.

☞ Miss Celia Logan, the celebrated actress is now detained at the Mamoth Cave, Ky., in consequence of having sprained one of her ancles while traversing the cave.

☞ The sugar crop in the West Indies is unusually large this season. About 29,000 hogsheads of sugar and 1,400 hogsheads of molasses have been shipped to the United States, and the same quantity to England and Belgium.

☞ The *Sentinel*, while opposed to Land Grants, thinks the claim of the Milwaukee & Horicon road, in its extension to Lake Superior, is as strong to a land grant as any road in the State. We think so too. It is one of the most important roads in the State, and will be of immense value to this city.

☞ Catherine Alberti, a beggar and fortuneteller, died in Raleigh, N. C., last week. On examining her effects $2600 in gold, silver and notes were found together with evidence of her owning a plantation in Kentucky, and twenty shares of railroad stock. Around her body was a belt full of gold coin.

☞ It is rumored in New York that the friends of Buchanan are negotiating for the purchase of one of the morning journals in that city, which at present suports Fremont. The proprietors of the paper ask $200,000, and the buyers offer $170,000, the greater part of which has already been raised.

☞ A new Secret Political Society has recently been established in St. Louis, of which the *Democrat* says:

"They have abolished the religious test, as none who have yet applied have any religion, and it was thought best, therefore, to make their ritual short and sweet."

☞ When Col. FREMONT and his band of explorers were ordered out of California, by the Mexican Governor, Castro, in 1846, Fremont and his company fortified themselves, raised the American flag, and wrote:

"We have in no wise done wrong to the people or the authority of the country. If we are hemmed in and assaulted here, we will die, every man of us, under the flag of our country."

☞ The Washington *National Intelligencer* of the 21st inst. publishes a card from Mr Burlingame, of Mass., in which he says: "The conversation between himself and the friends of Mr. Brooks, having received an interpretation that does injustice to its real meaning, he now withdraws it, and says explicitly that he leaves the speech to interpret itself, and holds himself personally responsible for it, without qualification or amendment."

☞ A Fremont camp is to be erected in Hartford by the Fremont Club. It is proposed to erect a building 115 by 62 feet, and 36 feet high. The floor is to be made sloping, with seats to accommodate 1600, with standing room for about 1200 more. On the north side is to be a ladies' gallery with a distinct entrance, to hold about 200. A vote as to the name of the building was taken, and it was unanimously decided to call it the Fremont Camp. A committee was appointed to superintend its erection, of which Gov. Day is chairman.

Cuba News.

The steamer *Quaker City*, with Havana dates to the 17th inst., arrived at New York, on the 21st inst.

The clipper *Warsaw*, from Swanton, had landed 568 coolies; 42 died on the passage, from suicide and disease.

Yellow fever prevails to some extent in Havana, though there had been but few cases in the city. Gen. Concha is down with it.

Sugar less active, stock 25,000 boxes.

REPUBLICANISM IN KENTUCKY AND VIRGINIA.—The Louisville *Courier*, in speaking of the Republican ticket in Kentucky, says:

The Hon. Adam Beatty, of Mason County, has announced in distinct terms, his affiliation with the Free Soilers. In this city we understand that a prominent lawyer, who was once in Congress, has stated that he would canvass the district for Fremont. And we know of another of our ablest lawyers and best citizens strongly inclined to the Republican nominees.

A friend writes to the Massillon *News* that Ohio County, Virginia, will give Fremont more than 500 votes.

FOURTH DEGREE.—We are informed by one who knows, that all the anti-putty Know Nothings of this State have taken the *fourth* degree of the order, which has been found necessary for the protection of the self-respect and consciences of the members. That degree binds its subjects to vote for *just who they darn please*. Fourth degree members have become very numerous and popular.

REGATTA AT MADISON.—The rowing match for the State Officers Cup, which was postponed on the 4th of July, came off on Saturday, at Madison, with the following result:

	1st mile.	2d mile.	Total.
GIPSEY, J. Williams	6:30	8:00	14:30
WATER LILY, H. W[illegible]	6:45	9:30	16:15
ST. LAWRENCE, R. P. Caswell	7:45	9:00	16:45

DESTRUCTIVE FIRE AT PHILADELPHIA.—Taylor & Co's planing establishment on Broad street, in Philadelphia, was destroyed by fire on the morning of the 21st inst. Loss $50,000—mostly insured.

SAILED.—The steamship *Ariel* sailed for Aspinwal from New York, on the 21st inst, with a large number of California passengers.—Amongst them was Bishop Scott, of the Methodist Church, and others.

SENTENCED.—Wm. Pluto who was convicted of voluntary service on board the slaver *Braman*, at New York, was yesterday sentenced by Judge Betts, to two years imprisonment and $50 fine.

THE Louisville *Journal* don't think the South will dissolve the Union immediately, if Fremont should be elected. Consolatory.

THE Pittsburg *Journal* (American), says there will be but one opposition ticket in Pennsylvania, and that Fremont will surely get the vote of that State.

THE head of the Bureau of Indian Affairs has offered a reward of $500 for the apprehension of the murderers of Gay, the late Shawnee and Wyandotte Agent in Kansas.

OUT of 50 Democrats, in a single village in Berkshire Co., Mass., who voted for Pierce, 40 now belong to the Fremont Club.

Seward on Rust and Greely.

The speech of Wm. H. Seward, in the Senate, on the 16th inst., in reply to Senator Johnson's vindication of the ruffian Rust's brutal assault on Horace Greely, was not such as the country expected of him. He attributes purity of motive to Rust in attacking Greely, and condemns Greely's article, while holding Rust inexcusable for the assault. That we may do no injustice to Mr. Seward, we give the main portion of his speech, omitting the apologetic preface, simply remarking, that as long as Northern members of Congress maintain the humble tone of that speech, complimenting the Ruffians and condemning Northern editors, they must expect to be caned, kicked, spit upon and despised:

"In addressing the Senate, [on the Nebraska bill, at the time of its passage,] I found it necessary to characterize the measure in strong terms but I guarded myself against imputing any such character whatever to the author of the measure or its motives. I did so precisely for the reason that I had no doubt myself, at the time, that the author had no unpatriotic or unjust motives, and I conceded to him, precisely as I claimed for myself, integrity of motive, as I do every other person engaged in public duties. I freely concede the same purity of motives to the colleague of the Senator [Mr. Rust] in the transaction referred to, although that transaction is not remembered by me. He is entitled by his position to that acknowledgement. I can readily believe his character to be just what the Senator has given him, for I know he [Mr. Johnson] is a man of truth and high honor, while I am personally unacquainted with his colleague [M. Rust]. I have, therefore, not sanctioned the article of which he complains, and I have no reason for doing so now.

That is my understanding of this whole case. In the first place, taking the account which I had received of the transaction, the assault made was without sufficient preliminary notice. As a question of fact, if the circumstances remain as then understood, my opinion is the same still. If not so, if the facts are misunderstood, it will be modified according to circumstances, if more or other notice than I had understood was given.

In regard to the other branch of the question I consider the article of which complaint is made of the editor of the *Tribune* as being in bad taste, excessive, extravagant, and severe. I regarded it however, as not an attack on the motives or the character of the member who had introduced the measure which was condemned although I may have been in error on that subject. So I thought that the assault on him was *not* a sufficient excuse in that way. Beyond that the honorable Senator knows, and everybody knows, that it is my judgment, my opinion, my rule of action, that the interests of justice, of right, and of truth require freedom of the press, and freedom of speech and debate, and that whatever errors may be committed in the exercise of that freedom they are counterbalanced in their effects by the good which results from discussion. I think, as all the world knows I do, that it is not right for any person, citizen or member of Congress, or in any official station, to resort to personal retaliation for vindication of character assailed in debate or through the press.

This being so, the transaction appeared to me one which was inexcusable. I referred to the fact, however, as an historical one. I neither more or implied or intended, any reflection on the assailant in that case, but simply gave it as it was understood by me, as one of the antecedent circumstances by operation of which with other causes, deeper and wider interest had been excited concerning the transaction between Mr. Sumner and Mr. Brooks.

Would such a speech, at such a time, have been uttered by Wilson, or Sumner, or Hale, or Wade?

The Western Mo., *Reporter* protests against the recent outrages on emigrants from free States refusing to allow them to enter Kansas by the Missouri river, and says:

"The treatment of these Northern men raises a grave question for the consideration of every man who has an interest in the welfare of his country. Are the citizens of other States to be deprived of their right to emigrate to Kansas? Are the principles of the Kansas bill to be nullified, and the bands of men stationed along the border to demand a pass-word before the citizens of a neighboring State, can have the privilege of going into that Territory? If this be the principle of the Kansas bill, we shall be the last man on the green earth to endorse it. The whole proceeding is an outrage, and cannot be defended upon any correct principle and the consequences will be most disastrous to the whole country. Against such a course of policy we enter our protest, and appeal to the good men of all parties to rebuke this wild and blind folly of a few men, whose acts are doing more to abolitionize Kansas than even the Kansas aid societies of Boston."

☞ It is bad enough for a political enemy to taunt Douglas and his squatter sovereign allies with being obliged to swallow their own words, but when such a charge comes from a devoted friend, admirer and coadjutor, it is doubly cutting. The Charleston *Mercury* says:

The Kansas Nebraska Bill is not only a practical failure, but Senator Douglas is himself forced to contest it, and even to introduce a bill into the Senate, which proposes, in the face of its principles, "Congressional intervention." It virtually admits that the people of Kansas cannot take care of themselves; cannot decide peaceably the question of slavery, and that nothing but "intervention of Congress"—the very evil which Mr. Douglas constantly denounced, and which the Kansas Nebraska bill aimed to suppress—can save the territory from anarchy. Mr. Douglas, the great champion of popular sovereignty, is now the advocate of Congressional intervention.

DROWNED.—A boy named Henry Taylor, about ten years of age, was drowned while bathing in the Lake below the North pier, towards evening on Thursday last. Several smaller boys were in company, neither of whom could swim. The deceased floated on a plank beyond his depth and was overturned by a wave, when he sank.—*Sheboygan Times 19th.*

SAD ACCIDENT.—We learn that on Friday evening of the 11th inst., Edward F. Wolcot, of Eldorado, while driving a team home from Rosendale, was thrown from the buck-board on which he sat, and the wheel passed over his head, killing him instantly. He was a son of Wm. C. Wolcot of Eldorado, aged 21 years.

Fond du Lac Herald, 21st.

A DELICATE case has just been decided in N. Orleans. A lady ordered and received an artificial leg from the manufacturer for $250, and afterwards declined paying for the same. The maker had a writ issued, requiring the sheriff to take the leg into his possession. That gentleman gave his deputy the disagreeable job, and the latter functionary, after some trouble obtained the legitimate limb, and it is now in the sheriff's office at New Orleans.

☞ Advertising is now regarded as the life and motive power of every business, which depends on public support. The same reason which induces a man to place a sign over his store or office, teaches him the advantage of advertising. A card in a newspaper is only a multiplication of his sign, and it is obvious that if one is an advantage, twenty-five thousand copies of it must be still more beneficial.

Z. P. BURDICK, Esq., democratic candidate for Assembly in the Janesville District, last fall has come out for Fremont.

WHAT THE VOICE SAID TO THE STUDENT.

COME, push on, the world keeps moving—
Press to your place in its restless throng;
Life is action, grieving or loving
Only wastes time, so move along;
"Change makes change," say earth and ocean—
Daybreak, sunset—flux and tide;
The law of being is ceaseless motion,
Struggle you must or be thrust aside.

Cloistered in your antique case,
Row on row the volumes see!
They who [illegible] may run the race,
Leave me my books and let me be.

Shut your books—shelves' rusty rows,
This is no age [illegible] owls and trucks—
Flatter opinion into applause,
And mount to fame through the ballot box;
Narrow, the disk of the student's light—
Ample and broad, the bounds of state;
You—when pay and honors invite—
Are a fool to be wise, when you might be great.

Radiant lights, thro' ages gone
Shining ever steadily,
Still your splendors lure me on!
Leave me my books and let me be.

Golden the text of notes and scrip,
Tinsel and stuff your prose and verse;
Who, in this "progress age," would grip
The impotent pen, if he could the purse?
Wealth is the motor, a true sa[illegible],
Press to the goal by toil or luck,
Rapid the wheel in the mint of time—
Every minute is silver struck!

Ah, my still, [illegible] pages,
Dearer, dearer yet to me
Seems your hoarded ore of ages!
Leave me my books and let me be.

Dreamer! rhapsodist! ope thine eyes!
Time and occasion wait for none;
What though cannot [illegible] grip the prize?
Palms worth winning may still be won.
Action! action! must you must,
Or ousted by others expect to be;
Men by attrition are fashioned, just
As pebbles are ground in the stormy sea.

In you silent shrine of thought
Lies a world's old history;
All the toiling world hath wrought—
Leave me my books and let me be.

Stubborn Idolater! wealth and fame
Powerless [illegible] seem to you;
Scowl, then, in century dust, "a name!"
Starve, with the starveling dreaming crew;
Die and be with your noted dead,
Whose win fatarity's claim at note,
To rise, like the drowned, from the river's bed—
But deaf to the cannon that bids them float.

Washington News.

On the 21st the Senate passed a bill amendatory of the act of Dec. 17th, 1792, concerning the registry, and recording of ships or vessels. The object being to make it conform to the present regulations of the Treasury Department.

On motion of Mr. Hale a resolution was adopted, calling on the President for information whether any instructions have been issued to any military officers in command, in Kansas, to disperse any unarmed meeting of the people of that Territory.

The bill for the armament and fortifications and manufacturing of small arms, &c., was amended, reducing the proposed appropriation from three million to one million eight hundred thousand dollars, and then passed by a vote of 27 to 10.

A resolution was passed, providing for the close of the session on the 11th of August.

The following bills were then passed:—Regulating the fees and costs and other expenses of the U. S.

Making appropriations for the improvement of the Deleware breakwater.

Also for the improvement of certain harbors in Maine, and the harbors of Marquette, Michigan and Manitowoc, Wisconsin.

The House proceeded to the consideration of the Nebraska contested election case. The Committee on Election reported a resolution that Bird Chapman was not, and that Hiram P. Bennett was elected delegate.

The daily hour of meeting was changed from 11 to 12.

Humphrey Marshall, from the Judiciary Committee, reported a bill to establish a uniform rule of naturalization. Referred to Committee on the Whole on the State of the Union.

Mr. Smith, of Tennessee, moved a suspension of rules with a view to take action on the Senate resolution, just received, to adjourn on the 4th of August. Mr. Dunn said he should move an amendment by adding as a condition that on or before that day an act be passed and receive Executive sanction, containing among its provisions one for the re-establishment of the Slavery restrictions—applicable to both Kansas and Nebraska. Mr. Smith's motion prevailed by 128 against 46. Mr Campbell of Ohio moved an amendment substituting the 2d September, showing that it was impossible to transact the public business before that time.

Mr. Haven said the way was to fix an early day and then go industriously to work. He commented on the manner in which so much valuable time had been wasted. As to Kansas, he believed that the majority of the House would pass a bill providing for the restoration of the Mo. Compromise, knowing at the same time the Senate would reject it.

Mr. Clingman suggested the 18th of August as the day to adjourn. Three weeks were long enough for all partical purposes.

Mr. Giddings thought 2 weeks as good as 3 months. He dissented from Mr. Haven, and would do what was right without inquiring whether the Senate would or not.

Mr. Haven replied that he would do what was right, but when he could not get other men to do what was right, he would abate a letter rather than his fellow citizens in Kansas should bleed, and rather than go before the country with an offer to the Senate not made in sincerity.

Mr. Giddings said Mr. Havens had been all the season finding out which side was wrong, instead of asking himself whether the act to be performed was just. He (Giddings) would act right throughout, if the heavens should fall.

Mr Dunn said he came here with high expectations that the Missouri Compromise would be restored. He was exceedingly afraid that the friends had grown smaller and smaller, until they were dissipated. He was afraid that no effort would be made to restore it, and yet there could be no peace in the country till that was done in substance or in fact. The North and South must remember this. Till the question of individual safety was settled, *no appropriation bill should be passed.* **(Cries of agreed, that's right, that's the talk." The only way to ensure compliance, was to stop the wheels of government. As for the Presidency, he would not go for Buchanan or Fremont, but for the man living in New York (Fillmore) as the only one whose election gives promise of peace.**

Mr. Lester made an ineffectual motion to table the resolution.

The State Department has no despatches concerning the story of a treaty between Great Britain and Honduras, ceding Yucatan to the latter.

The Secretary of State has addressed a letter to the Governor of California informing him that the federal Government cannot interfere against the Vigilance committee, until requested by the Legislature of California, or, until that body shall be unable to act in consequence of the insurrection.

This is understood to be in accordance with an opinion given by the Attorney General.—The administration, however, sympathise with the Government against the Vigilance Committee.

Frederick Mayer, examined on charge of burglary in the house of John W. Allen, was held to bail in the sum of $300 for his appearance at the Circuit Court, and in default was committed for trial.

John Pugh, Dennis Galoody, Thomas McCoy, Francis Hurley and Gabriel Johnson, were examined on a charge of rape, and were discharged by order of the District Attorney.

Chester, disorderly, fined $3.

KEEP COOL.—In hot weather it is always interesting to know how to keep cool. EMERY at the Ice Cream Hall, on Main St., adjoining the Newhall House, will impart the desired information to all who will call upon him. But if he gives you a *cool* reception, you should not complain, as he has a peculiar faculty for so doing. He will be happy to see any number of his friends, this evening, or at any other time. His hall is tastefully fitted up, his cream superexcellent, and your wants will be attended to with an agreeable politeness.

HOSE COMPANY'S HOUSE.—The plan submitted to the Common Council last evening, for enlarging the Supply Hose Company's house so as to admit of room for the machine and hose of company No. 1, was drawn by Mr. Nix. On the ground floor, are rooms for No. 1 Engine, Hook and Ladder Co., Sack Company and Supply Hose Company, and an entrance in the middle, to the third floor, which is a hall of 60 by 90 feet, for the use of the department. On the second floor are the private rooms of the above companies. The building will be 60 feet on the street, by about 90 deep.

RAILROAD IRON.—The brig *David Ferguson* arrived here from Buffalo, yesterday, with 50 tons of iron for the M. & M. R. R. Co.; the schooner *Eclipse* from Oswego, with 1,340 bars of iron for the La Crosse & Milwaukee R. R. Co.; the *May Queen*, from the same port, with 190 tons of iron for the same Company; and the *Yorktown* from Cleveland, with 520 tons coal.

LOSS OF THE KATE HAYS.—This vessel, which cleared from this port on the 12th inst., for Oswego, with 12,981 bushels of wheat, recently ran ashore just below Mackinac, and is said to be a total wreck. The wheat was insured at $1.30 per bushel; 39,000 of it in the U. S. Insurance Company of this city, and the balance in Oswego.

MUZZLE YOUR DOGS.—The Common Council last evening, passed an ordinance requiring every dog running at large, to be muzzled.—This is right, and we hope the ordinance will be strictly enforced.

CONSTABLE ASSAULTED.—John H. Ryan, the Constable of the Third Ward, was badly beaten yesterday afternoon, by Edward Kavanagh, while serving a civil process upon the latter.

FIRE ALARM.—The alarm of fire about 9 o'clock last evening, was caused by a bon fire on Huron Street, near the Lake Shore.

A. CORL has oranges and other fruit for sale, corner of Michigan and East Water streets.

PROP. ALLEGHANY.—This splendid new propeller, built by Capt. Jones for the American Transportation Company, made her trial trip yesterday afternoon, having on board a large company of ladies and gentlemen. She went out into the bay 5 or 6 miles, and returned, landing her visitors at Walker's Point Bridge, about 6 o'clock.

The *Alleghany* is a well built boat, is elegantly fitted up, and will be commanded by Captain Curtis.

☞ The Republican Congressional Convention for the Third District is called to meet at Mineral Point, the 27th of August. The disposition to nominate Mr. Washburne appears to be general.

A CURIOSITY.—Found twenty-five feet below the surface of the earth, yesterday, by Mr. Webb, of this village, a spruce tree, about ten inches in diameter, and lying horizontally, to all appearances as sound as when green, and a number of smaller ones at a depth of from 15 to 20 feet but not so large.—*Appleton Free Press*

No Family should be without Hoofland's German Bitters.—Children afflicted with the Summer Complaint entirely cured by them.

CAMDEN, N. J., March 11, 1855.

DEAR SIR:—It is with much pleasure that I inform you of the great benefits derived from the use of your German Bitters in my family. During the greater part of last summer, my son, aged two years, was severely afflicted with the Summer Complaint in the worst form, for which various remedies, prescribed by physicians and others were used, but with no avail. I also sent him into the country, but it proved of but little avail. Having a bottle of German Bitters in the house, I was persuaded to try that, which, to my astonishment, entirely cured him. He continued to take the Bitters some time afterward, and became healthy. I have the greatest confidence in the Bitters, and feel no hesitation in saying that no family should be without them.

Respectfully Yours, JOHN W. PARIS,
Plum Street, above Second.

TESTIMONY OF DR. BUTCHER.

GREEN BANK, Pocahontas Co., }
April 10th, 1855. }

GENTLEMEN:—Some few months since a patient applied to me for medical advice, afflicted with a severe form of secondary syphilis (he had been under the charge of two physicians without deriving relief.) I commenced using the regular remedies of the profession, but the disease stubbornly resisted all my efforts. The reputation of Carter's Spanish Mixture having reached me, and being personally acquainted with yourselves, I determined to give it a trial. I did so, and in a short time its good effects were evident, and three bottles cured him.

As an act of justice to suffering humanity, I cannot withhold my testimony to its virtues as an alterative and prompt purifyer of the blood, and take pleasure in recommending it to the profession and the public generally. Yours Respectfully,

WILL CONTINUE THE
DRY GOODS JOBBING TRADE
At the old stand of C., F. & G.,
142 EAST WATER STREET, MILWAUKEE.

WE ARE NOW RECEIVING A LARGE and complete Spring Stock, to which we would invite attention of WESTERN MERCHANTS, before visiting the Eastern or any other market to make Spring purchases. Our arrangements are such, that we shall be able to give every advantage, and sell goods at as low figures as

ANY EASTERN JOBBERS.

Upon examination, we feel satisfied that Merchants in this State will find it to their interest to make their purchases in this market, through the season. We shall daily be receiving large additions of fresh and seasonable

GOODS TO OUR STOCK,

Which will enable us to present to the trade, in every respect, as desirable an assortment to select from as can be found in New York or Boston. In addition to our

AND YANKEE NOTIONS,

We shall keep a complete assortment of all kinds of *MERCHANT TAILORING GOODS, TRIMMINGS,* &c., to which we would invite the attention of merchant tailors in the City and State.

We shall be happy to continue the trade with the old customers of the late firm (of Crosby, Foote & Gordon.) L. D. GORDON, of this firm, is connected with the new firm, and would respectfully invite a call from his old friends and customers in this State.

Ever before offered in the West.

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the city, and our established principles of doing business being well known by every city and country customer to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to

COUNTRY MERCHANTS

Who design going East to purchase, that we would consider it a favor if they would favor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

PHOTOGRAPHS, AMBROTYPES,
—AND—
DAGUERREOTYPE.

Crowds of Admirers Visit
FOWLER & HORN'S
GALLERY

NO. 221½ East Water Street, Empire Block, to examine their beautiful and finished specimens of Photographs, Ambrotypes and Daguerreotypes.

Mr. Horn is a painter by profession, and invites public attention to his style of painting Photograph. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the Masters in their delicacy and richness of coloring, far surpass them in exactness of delineation and PERFECT FIDELITY TO FEATURE, express on and nature.

Friends, relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to be all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on Ivory.

Particular attention also paid to Ambrotypes and Daguerreotypes, and *ALL THE IMPROVEMENTS IN THE ART* are applied by us as soon as introduced in the East. feb14

Daguerreotypes of all styles and sizes.
Ambrotypes " " "
Photographs " " "
Stereoscopes " " " from the smallest miniatures to the full size of life.

Persons having Daguerreotypes or Ambrotypes of themselves or their absent deceased friends, can have them copied into a beautiful and almost Living Portrait or Miniature. All that it is necessary for them to do is to send the Picture either by mail or by express accompanied by a description of the color of the hair, eyes, and general complexion, and of Ladies and Children the color of the dress desired. The Oil Portrait department is in charge of Prof Meck, from the Dusseldorf school of Art in Europe. And the Ivory Miniature is in the hands of Mr. W. Winter, who stands alone and unrivaled in his art either in this Country or Europe. With these powerful aids the Subscriber feels warranted in guaranteeing to all his patrons a perfect likeness, whether the person be present, or the picture forwarded as above, and at the same time a Splendid Painting as a Work of art that cannot be surpassed in the country. The Gallery contains more gems of art than any other Gallery in the West, and is always open to visitors.
